EXPERIENCE (1.5+ Years)

Accenture Solutions – Full Stack Developer

OCT 2021 – PRESENT

- ✓ As part of my work, I am responsible for creating custom components using React for the tickets raised by business.
- ✓ Designed and built CRUD API's using NestJs.

Cereb Media – Website Development Intern

JULY 2020 – SEP 2020

- ✓ I was responsible for building HTML pages for the Cereb Media website & also to enhance the user interface using CSS.
- ✓ Designed and coded service and footer section of Cereb media website.

EDUCATION

S. V. P. M's College of Engineering, Malegaon – B.E Computer Engineering

AUGUST 2018 – JUNE 2021

- ✓ CGPA – 8.17/10
- ✓ I took part in various competitions, both in our college and outside, including paper presentations, poster presentations, debates, extempore speaking, idea presentations, and project presentations.

RECENT PERSONAL PROJECTS

Portfolio Website –

To expand my knowledge, I created my own portfolio website entirely from scratch using React, which I designed, developed, and hosted.

Beautiful Quotes Android App –

To apply and test my newly acquired knowledge, I designed, developed, & pushed a quotes app on the play store.
